Broker update.

BrokerHub security enhancements to safeguard your data.

Hi,

Supporting you and your clients to do business with us safely is always a priority at BankSA. We're writing to advise you the new One-Time Passcode (OTP) security enhancement in BrokerHub is now live.

One-Time Passcode is live.

You will now notice that we have launched an additional layer of security for BrokerHub, known as OTP; a unique six-digit security code that you will enter each time you log in to BrokerHub.

You are able to manage the email address that receives OTP in the 'Personal details' section of your BrokerHub profile. To do so, navigate to the top right-hand corner of the page, select the 'person' icon and select 'Personal Details'.

The nominated email address may be a group email address to support admin, team members, and office staff.

To access BrokerHub, you can do so via the [broker website](#).

Please read our [OTP FAQ Guide](#) should you have any questions about this process or get in touch with your BDM team to find out more.
