

The background of the slide is a dense, abstract pattern of blue and purple molecular structures, resembling a complex network or a cluster of atoms. The structures are composed of small circles connected by lines, creating a textured, almost crystalline appearance. The colors transition from a deep blue on the left to a vibrant purple on the right, with some green and teal accents scattered throughout.

The background of the slide is a white canvas filled with a dense, abstract pattern of small, interconnected shapes. These shapes, which resemble molecular structures or clusters of atoms, are primarily in shades of blue and purple. They are scattered across the entire frame, with a higher concentration in the center where the text is located. The overall effect is a vibrant, textured backdrop that suggests themes of science, technology, or innovation.
